The image shows a green PCB with the following components and labels:

- HT1628 X1GY6**: A large black IC with 28 pins, oriented vertically.
- HT1628**: A smaller black IC located to the left of the main IC.
- HT1628**: Another smaller black IC located to the right of the main IC.
- HT1628**: A fourth smaller black IC located at the bottom left.
- HT1628**: A fifth smaller black IC located at the bottom right.
- HT1628**: A sixth smaller black IC located at the top right.
- HT1628**: A seventh smaller black IC located at the top left.
- HT1628**: An eighth smaller black IC located at the bottom center.
- HT1628**: A ninth smaller black IC located at the bottom right.
- HT1628**: A tenth smaller black IC located at the bottom left.
- HT1628**: An eleventh smaller black IC located at the bottom center.
- HT1628**: A twelfth smaller black IC located at the bottom right.
- HT1628**: A thirteenth smaller black IC located at the bottom left.
- HT1628**: A fourteenth smaller black IC located at the bottom center.
- HT1628**: A fifteenth smaller black IC located at the bottom right.
- HT1628**: A sixteenth smaller black IC located at the bottom left.
- HT1628**: A seventeenth smaller black IC located at the bottom center.
- HT1628**: An eighteenth smaller black IC located at the bottom right.
- HT1628**: A nineteenth smaller black IC located at the bottom left.
- HT1628**: A twentieth smaller black IC located at the bottom center.
- HT1628**: A twenty-first smaller black IC located at the bottom right.
- HT1628**: A twenty-second smaller black IC located at the bottom left.
- HT1628**: A twenty-third smaller black IC located at the bottom center.
- HT1628**: A twenty-fourth smaller black IC located at the bottom right.
- HT1628**: A twenty-fifth smaller black IC located at the bottom left.
- HT1628**: A twenty-sixth smaller black IC located at the bottom center.
- HT1628**: A twenty-seventh smaller black IC located at the bottom right.
- HT1628**: A twenty-eighth smaller black IC located at the bottom left.
- HT1628**: A twenty-ninth smaller black IC located at the bottom center.
- HT1628**: A thirtieth smaller black IC located at the bottom right.

A digital display on a blue background. The top row shows 'AUX' with a star icon, 'FM', 'ST', a heart icon, and 'AM. SNOOZE'. The second row shows 'USB' with a heart icon, 'SD', '5 MHz', a heart icon, and 'PM SLEEP'. The main display shows '00:00' and '00:00' with a colon between them. A ruler is visible at the bottom.
